DOUBLES

An island favorite! Best described as vegetarian street food, doubles is two fried pieces of super thin flat bread with curry chickpeas in the middle and topped with your choices of homemade sauces. These sell out fast so come early or call ahead.

ROTI

Tassa is one of the few places you can find authentic, fresh, made to order roti dalpuri and buss up shut the way your grandmother makes it. We serve them with over a dozen different meats and vegetables, but these are some of our more popular and/or interesting combinations.

All rotis are served with curry potatoes and chick peas; substitutions will gladly be fulfilled with an upcharge. Roti can be dalpuri or buss up shut (to give you the best service possible, please specify either dalpuri or buss up shut when ordering).

- Bone-in or boneless chicken
- Goat
- Beef
- Duck
- Shrimp
- Veggie
- Oxtail
- Fish
- Chana, potatoes, or chana & potatoes
- Doubles (limited availability, please call ahead – not available Sundays)

DESSERTS

Daily selection, ask your server about today's availability!

OXTAILS

Juicy, hand cut pieces of oxtail cooked with carrots and onions in a thick brown stew gravy. Our oxtail roti is a delicious twist on an old favorite, perfectly paired with curry potatoes and chickpeas and your choice of buss up shut or dalpuri. Also served traditional style with peas and rice, stir-fry cabbage with veggies, trini-style callaloo, and fried sweet plantains!

GOAT

Bone in curry goat, just the right amount of heat, and so tender it's almost falling apart.

BONELESS CHICKEN

Simple and delicious. Our boneless curry chicken is made with dark meat for maximum flavor. It is a little spicy, so not recommended for those who consider themselves spice sensitive.

SPECIALTY DRINKS

****We always have a revolving collection of bottled sodas and juices, ask your server about today's availability!****

Signature Mango Guava Punch: Thick and rich, like biting into a mango fresh off the tree.

Mango Pineapple Punch: A lighter and sweeter version of our signature house punch.

Sorrel: A Classic! Prepared a variety of ways across islands, our version is freshly prepared in house from the flower then perfectly spiced. Tastes like Christmas!

Mauby: A unique drink. Tastes like black licorice. Loved by those who love it!

Passionfruit: Part tart, part sweet, and bright like a spring morning.

Sour Sop: Freshly made from pure pulp. Our version is without milk. (limited availability)

Ginger Beer: Occasionally on the menu and worth grabbing when it is. Ours is fermented longer and results in deeper, darker flavors. (limited availability)
